<u>PLEASE NOTE:</u> We have only listed items on the first two pages that were received by Arizona Department of Education between the dates of 07/01/04 and 06/30/05. You need to check the pack dates on items that you <u>write in on the blank lines</u> above – these items should be used as quickly as possible – they may be beyond your Best-If-Used-By dates. This does not mean that the product is bad; however, you do need to check these items carefully to ensure that the product is still in safe, satisfactory condition. If you locate product that is questionable, contact this office for further instructions.
